TALK BY MANAGER

MADE TO RAILWAY EMPLOYEES AT CONCEPTION JUNCTION.

ECONOMY WAS URGED

In Which System The Road Hopes to Intersect Its Employees.

Hiram J. Slifer, general manager of the Chicago Great Western Railroad company, lectured at Conception Junction Tuesday afternoon and evening to about 120 employees of the railroad on "The Making of Railroad Men," and also on the conservation of the resources of the road and a system of economy whereby the road hopes to intersect its employees in adding to the earnings of the road by strict observance of certain rules.

"We do not want to conserve on wages or cut them down, and I wish that we could pay every employee more money," said Mr. Slifer. "A year ago officials of the railroads of the country contemplated a general increase in wages amounting to 10 per cent. A meeting was held at Washington to sound out government officials on an increase in freight rates whereby it is hoped to meet the additional expenses contemplated at that time, and was thought that the plan was likely to succeed until the interstate commerce commission began to not only refuse the increased rates hoped for the railroads but to order in lower ones still."

"It is a fact that the wages paid employees have increased 72 per cent in ten years. It has been estimated by a man claiming to be well posted, that the railroads waste a million dollars a day, but this has been proven to be a very much exaggerated statement, but that there has been waste is certain. Outside of wages the greatest item of operating expense is fuel. Eight cents of every dollar earned by the railroads goes for fuel. It has been found that it takes 3.3 pounds of coal per minute to keep a locomotive at the popping off point. To keep one muffled valve popping off takes 8.8 pounds of coal per minute. The very best part of a ton of coal is wasted when a fireman causes black smoke to come from his locomotive. We will, within a few days, issue what we call black smoke cards to be filled out by every employee at any time he sees black smoke issuing from a locomotive. This thing can be easily prevented and will result in great economy. If every locomotive on the Great Western railroad was kept popping off one minute of a day it would take two tons of coal to keep up the steam wasted for that one minute."

"In two years the Great Western has expended \$12,000,000 in improvements, and last year \$195,000 was paid out in claims. Stolen goods represented \$9,000; delays in live stock shipments, \$35,000; loss of grain, \$36,000. With care most of these losses could have been avoided. In the matter of personal injuries every employee is requested to make use of the first-aid-to-the-injured cases found with every crew of trainment and with every section crew. No matter if it is a tramp, do all you can to save his life."

"I have appointed what is to be known as the personal safety committee that will begin within a few days to instruct the men in methods to preserve life and limb."

HOUSE WAS ROBBED

W. R. SMILEY'S RESIDENCE BROKEN INTO LAST NIGHT.

ABOUT \$25 WAS TAKEN

Party Was Seen at the Howendobler Home, But Was Frightened Away—No Clues as to the Robber.

The residence of W. R. Smiley, on 604 West Cooper street, was entered some time after 1 o'clock Wednesday morning by a burglar or burglars and money to the amount of \$25 and several other articles were taken. Entrance to the house was gained through the pantry window. No clue could be found Wednesday morning, but as many tramps were in the city last week and were turned loose Monday afternoon, having been acquitted of the state charge of vagrancy, it is thought that probably the robber or robbers were from that bunch.

No one in the Smiley residence heard any noise during the night, and the first they knew that anything was missing was when Mr. Smiley was looking for his gloves this morning. When the gloves were not found in their usual place, search was made and it was found that about \$5 that Mrs. Smiley had in a cup downstairs was missing, and that the girl that worked for the Smileys had lost \$20 from her pocketbook. It was found then that the pantry window had been tampered with. Several good cigars belonging to Mr. Smiley were also taken. The city authorities are working on the case.

About 3 o'clock this morning Cliff Howendobler was awakened and heard some one on the back porch of the Howendobler residence, which is a block from Smiley's. He called to the party and asked him what he wanted, but the party left, running toward Main street. It is thought that this is the same man that robbed the Smiley house and was just returning from that house.

Wray on William McKinley was read by Mrs. F. M. Martin, as the writer was unable to be present. Mrs. J. E. Melvin read a paper on Grover Cleveland. Mrs. Charles McNeal was critic. FOR THE BIG FAIR

WORK COMMENCED ON PUTTING UP DECORATIONS AND LIGHTS.

HAD DECORATIONS MADE

As St. Joseph Refused For Some Reason or Other to Let Maryville Use the Ones They Had Last Week.

Decorations and the lights that will be hung on the uptown streets of the city for street fair week will be put up, commencing work tomorrow. The decorations that were used in that city last week for the fall festivities could not be had for some reason. They are to make 5,000 feet. The streets are to present a beautiful appearance with all of these lights and decorations.

Booths that will be in front of several of the stores will be erected the last of the week. The committee on booths and decorations are urging the merchants to commence work at once, so all of the booths will be ready for the opening day. Nearly all of the store windows will also be decorated in the street fair colors of red and white.

All of the free attractions have been secured for the fair and promise to be the best attractions that could be secured. Several good shows will also be here during that week. Mark Turner and Frank Reuttlard went to Omaha Tuesday evening to secure two or three more good shows that are in that city this week for the Ak-Sar-Ben. The committee is securing everything good so that all kinds of entertainment can be given the many visitors that will be here.

Next week is going to be a big time in Maryville. Never before in the history of the city has an entertainment program of such magnificence and scope been arranged for the citizens.

Was Killed by Death.

Mrs. A. M. Jones of Grant City, who was called to Maryville last week by the death of her little grandson, Lester Rinehart, the 8-year-old son of Mr. and Mrs. Elmer Rinehart, who live seven miles northeast of the city, left for her home Wednesday. The little boy died at St. Francis hospital, after he had been operated on as the one chance to save his life.

R. E. Snodgrass left Tuesday evening for Garden City, Kan., on a business trip.

NEVER ASKED FOR REPORTS

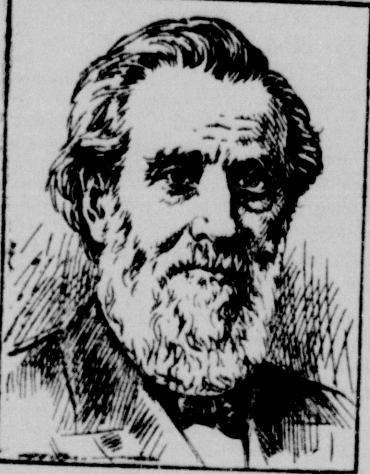

STEPHENSON POLITICAL MONEY SPENT LOOSELY.

Campaign Workers and Managers Being Closely Questioned Regarding Expenses.

Milwaukee, Oct. 4.—When the hearing of the bribery charges against Senator Stephenson was resumed by the senate investigating committee Senator Heyburn, the chairman, endeavored to get specific information as to expenditures admitted by Senator Stephenson. A number of men mentioned by Stephenson as his lieutenants in the campaign were summoned.

It was admitted by Heyburn and the other committeemen that they planned to ask these detailed questions as to the disposal of the money concerning which Senator Stephenson testified he knew about only in "a general way."

Although it is admitted that Stephenson spent \$107,793 in the primaries in 1908, S. A. Edmonds one of the

campaign managers, said none of the campaign workers rendered a detailed report of their expenditures and no such report was asked of them.

"Do you mean to say that, knowing the law, you required no detailed report of the money spent in Mr. Stephenson's behalf?" Senator Pomeroy asked.

"We never required a report from them."

Items of \$10,000 and \$15,000 which Stephenson admitted having paid his managers on various days will be investigated. As to the expenditures of these sums the Marinette lumberman said all he knew was that it "was not used illegally."

J. H. Puelicher, cashier of a Milwaukee bank, who was custodian of the Stephenson campaign fund, stated that a voucher was always given when the managers drew for money.

Much of the necessity for expending an amount as great as \$107,793 to get the nomination for Mr. Stephenson was declared due to opposition exerted by La Follette's followers, and to organize each of the 2,200 precincts in the state it was necessary to spend the money liberally, they said. But all five of the Stephenson campaign managers—E. A. Edmonds of Appleton, J. H. Puelicher of Milwaukee, Vanderveer, Marinette, and Sackett—testified that the funds were legitimately used.

WIFE SPOKE FUNERAL ORATION

Indianapolis Woman Conducts Husband's Burial Service at His Request.

Indianapolis, Oct. 4.—Standing by the coffin that contained the body of her husband, Mrs. Charles A. Buhland delivered an impressive funeral oration in which she recounted the story of the married life of herself and husband and his request that she should be the only speaker over his remains.

Buhland did not desire any crape at the door and he insisted that no black should be worn in mourning for him. She asked his wife to dress in white. He desired that in the place of somber decorations there should be flowers and other symbols of joy at the funeral.

At the conclusion of the eulogy Mrs. Buhland sang a hymn and the services ended. Not a tear was shed.

SAGE TEA WILL

DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gath-

ering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few day's use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

BANKS HELPED SETTLE DISPUTE

Large Sums Withdrawn From German Banks Brought Settlement With France.

Paris, Oct. 4.—Rumors of the last few days were confirmed when it became known that two Paris banks have advanced \$50,000,000 to the Bank of Berlin to tide over the bourse pay day at the end of the month. The banks that advanced the money are the Societe Generale and the Credit Lyonnais.

The withdrawal of large sums from Germany by the French banks and by the banks of such friendly powers as England and Russia was at the suggestion of Cambon, the ablest ambassador in the diplomatic service.

At a dinner of reconciliation given by Baron von Kiderlen Waechter at Berlin to Cambon, the French diplomat consented to suggest to the French banks to make an emergency loan in consideration for easier terms in the Morocco question.

P. O. P. PARADE WAS PERFECT

Night Was Ideal for Pallas' Twenty-Fifth Pageant.

CROWDS WERE GOOD-NATURED

All Streets Were Crowded, But No Disorder or Accidents Occurred—Floats Were All of Floral Design.

Kansas City, Oct. 4.—After two days of uncertainty because of unfavorable weather conditions, the Pallas parade was given for the 25th time in 25 consecutive years. Early in the afternoon the directors had little hope that the pageant could start, as clouds tumbled about and hid the sun.

When the parade left the den at 8 o'clock the moon was shining and the stars were bright. It was the same until the floats returned after their trip of 81 blocks. The night was ideal.

The biggest crowds that ever witnessed an electrical pageant in Kansas City watched the progress of Pallas Athene with Queen Flora and the flowers in her train. And if there are those who believe that her electrical pageant has lost any of its charm, they were not in Kansas City last night. For all Kansas City and thousands from elsewhere witnessed the parade and all applauded.

All of the floats were of floral design and had mechanical effects and all were illuminated in colors with electric bulbs. The effect was brilliant, the girls were perhaps a bit prettier than usual, Pallas Athene was resplendent and the 14 bands played the snappiest and best music at their command.

The order of the floats and bands follow:

Directors' Car.
Battery H Band.
Coleman's Band, Kansas City, Kan.
Pallas Float, with Miss Isabel Barton as Pallas Athene.
McCann's Band, Lawrence, Kan.
Standard Bearer.
Queen Flora Float.
Stannard's Band.
Snowdrops and Circuses.
State Woodmen's Band, Topeka.
Tulip Float.
Guyman's Military Band, St. Joseph, Mo.
Porgot-Me-Not Float.
Dr. J. J. Brown's Band, Macon, Mo.
Oxeya Daisy and Poppy Float.
Black's Juvenile Band, Nowata, Ok.
Rose Float.
Emporia Band.
Violet and Buttercup Float.
Hume Concert Band, Hume, Mo.
Blue Bell and Heartsease Float.
Winfield, Kan., Band.
Sunflower Float.
Light Guard Band, Carthage, Mo.
Columbine and Lily Float.
Pony Float.
First Regiment Band, Hawatha, Kan.
Corn Flower Float.
Grape Leaves Float.
International Balloon Race Float.

It was an orderly crowd that saw the parade all along the route. The people began to mass at 7 o'clock and steadily grew in number. Soon the sidewalks on either side of the streets were filled to capacity.

All seemed in good spirits and with a few exceptions bore the weight of the press behind them without complaint. Four hundred and twenty-five officers were on parade duty, and a motor ambulance followed the last float. There were no unpleasant incidents or accidents.

A Clean-Up in Howell County.
Springfield, Mo., Oct. 4.—As a result of a movement against gamblers and bootleggers in Howell county 43 indictments were returned by the grand jury. A dozen arrests were made. The grand jury has adjourned until next week when the investigation will be resumed.

STRIKE RIOTS AT HOUSTON

Special Officer Killed and Others Wounded.

ANARCHY ON GEORGIA RAILROAD

Trestles Burned and People Along Line Helping to Tie Up Traffic—Trying to Get Sheet Metal Workers Organized.

Houston, Tex., Oct. 4.—J. J. Pipes, a special officer from Athens, Tex., was shot and killed just inside the gates of the ship yards while en route with a small party of officers and strikebreakers from a train to the yards. S. B. Crockett, another special officer of the party, who was near Pipes, and who was wounded, says the shots were fired from within the yards where a number of guards were stationed. Capt. H. S. Sisk, also injured, who was escorting the party to the yards, says the shots came from the crowd of strikers following his charges and that he believes he fired one shot in reply.

Another version of the affair developed in a statement by J. H. Day, one of the company's employees, that the shots were not fired either by guards or by strikers. He asserts the shots came from a side direction. In addition to those shot or stoned, Gordon Knight, a strike breaker, was stabbed in the face. All the injured are expected to recover.

Augusta, Ga., Oct. 4.—Anarchy exists along the Georgia & Florida railroad owing to the firemen's strike declared last week. General Manager Turner admits not a train has got through on that system since Saturday and declares there is little hope of resuming service. The white firemen went out first because the road refused to increase wages and negro firemen struck in sympathy.

The burning of a trestle near Douglas, Ga., was followed by the capture of two passenger trains by armed mobs. The engineers and other employees were treated roughly and threatened with death if they tried to take the trains out again.

People along the line are aiding in tying up traffic.

Kansas City, Kan., Oct. 4.—There is a contest between the officials of the Union Pacific railroad and the strikers of the Armstrong shops over the control of the sheet metal workers. Those men, about 100, still are working, and whether they eventually will join the strikers in a matter of concern to the men who have obeyed the strike order.

Jackson, Miss., Oct. 4.—The Third regiment, Mississippi national guard, has been ordered to McComb City, Miss., to suppress riots in progress there as the result of the Illinois Central strike.

Two companies of militia at Natchez, Miss., were ordered out by Adj. Gen. Frigate. Later the Third regiment was ordered out.

A train reported to have been shot into arrived at McComb City and left three coaches of strikebreakers. The three coaches were brought to the McComb City station by a switch engine and immediately a fight started. The authorities got help from the citizens and all the strikebreakers were arrested.

Durant, Miss., Oct. 4.—Several persons were injured in a fight between citizens of Durant and strikebreakers destined for points south of Jackson on the Illinois Central railroad.

McComb City, Miss., Oct. 4.—An explosion of dynamite occurred at the machine shops here at 1:30 o'clock. One hundred or more strikebreakers are quartered there. The explosion was followed by several shots.

HOG CHOLERA SERUM IS SCARCE

Missouri College of Agriculture Unable to Supply Demand From All Over State.

Columbia, Mo., Oct. 4.—From nearly every county in the state appeals are coming to the Missouri college of agriculture to check the ravage of hog cholera. The infection is worst in Ray, Franklin and Caldwell counties. The veterinary department has tried hard to make enough serum, but has been unable to supply the demands. Since the beginning of the year 54,000 doses of the hog cholera serum have been sent from here. Four men now are giving all their time to the work out in the state. Last winter the legislature appropriated \$25,000 for the work.

HER HAIR GREW.

That's Why a Thankful Woman Recommends Parisian Sage.

The Koch Pharmacy will sell you a fifty-cent bottle of Parisian Sage and guarantee it to banish dandruff, stop falling hair and itching scalp, or money back. It's a delightful hair dressing that makes hair lustrous and fascinating.

"In the spring I was recovering from a severe case of erysipelas, which left me virtually bald on the front of my head and next to my ears. The hair kept coming out rapidly and nothing I used stopped my getting entirely bald, until I used to bottles of Parisian Sage. This tonic made my hair start to grow in and, in fact, grow me a good fair amount of hair, and it has entirely stopped my hair falling out. It is with pleasure that I give public recommendation to Parisian Sage."

BOMBARDMENT OF TRIPOLI BEGINS

Italian Cruiser Gets Turkish Ship With Officers and Rifles

USING DIRIGIBLE BALLOONS

Duke of the Abruzzi Threatens to Bombard Prevesa—Offers of Volunteers Declined.

Glasgow, Scotland, Oct. 4.—A private message just received from Jorba, an island off Tunis, says: "A helicopter message from Tripoli says that the bombardment has begun. The Italian ships are bombarding several places. The inhabitants are leaving."

London, Oct. 4.—A dispatch from Rome says the Italian cruiser Marco Polo has arrived at Taranto with a captured Turkish warship having on board a Turkish general, 200 soldiers, 200 horses and 5,000 rifles.

The Turkish ambassador, Tewfik Pasha has presented a note from his government to the foreign office complaining that contrary to all international rules of warfare, the declaration of war against Turkey had been preceded by hostilities on the part of the Italian warships.

For this reason and by reason of the existing situation, Turkey had the right to employ against Italy not only measures arising out of a state of war, but also any measure which the present situation might permit it to decree. Notwithstanding this right Turkey had postponed such measures while making a fresh appeal to the powers in the conviction that it was still possible to end the war.

Brindisi, Italy, Oct. 4.—Two dirigible balloons, accompanied by officers and soldiers who are experts in aerostatics, were brought here and placed on board a vessel for Tripoli. The vessel was escorted by a flotilla of torpedo boats under the command of vice admiral, the Duke of the Abruzzi.

Berlin, Oct. 4.—It is announced at the foreign office that Germany probably would not proclaim neutrality in the Turkish-Italian war. The reason ascribed for this decision was the probability that the conflict would be of brief duration. No steps toward mediation are likely to be taken soon.

Rome, Oct. 4.—The Italian government has declined the offers of Albanians, Cretans, Servians, Montenegrins, Bulgarians and Greeks to go as volunteers to Tripoli to fight the Turks.

Corfu, Oct. 4.—The Duke of the Abruzzi, vice-admiral in the Italian navy, has sent an ultimatum to the van of Prevesa, threatening a bombardment unless he surrenders the Turkish warships which have taken refuge in the harbor.

Taranto, Italy, Oct. 4.—The Italian armored cruiser Marco Polo has brought here the Turkish transport Sabah, which it had captured. Great excitement prevailed during the disembarkation of the prisoners. These include a Turkish general, a colonel of the medical corps and many soldiers. Five thousand rifles, sixty grenades, much ammunition and about 200 horses also were captured.

The officers were lodged in the castle and the soldiers in the barracks, from which several attempted to escape, but were recaptured.

SHOT BROTHER WHILE A GUEST

Nebraska Farmer Invited Kinsman to Spend Day With Him, Then Killed Him.

Lyons, Neb., Oct. 4.—After inviting his brother, Charles Larson, to spend the day with him, Frank Larson, a farmer living near here, took him into a room apart from the rest of the house and shot him through the heart. He then ran out of the house, halted a passing wagon and rode to Lyons, where he did several errands without any allusion to his act. Then he hunted up the village marshal, told his story and gave himself up. It is believed the man is insane. There had been no angry words between the brothers.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Maryville People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles and drowsy follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the safe remedy, Doan's Kidney Pills, which has cured people right here in Maryville.

T. J. Clayton, South Dewey street, Maryville, Mo., says: "I suffered from pains in my back for some time and I was also bothered by irregular passages of the kidney secretions. Learning of Doan's Kidney Pills, I procured a supply at Charles A. Love's drug store and upon using them I was relieved. During the seven years that have since elapsed I have remained practically free from kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and

Street Fair Visitors Welcome

We expect the largest crowd to our street fair this year that Maryville has ever had. We know that you are making preparations to come, and Maryville is making big preparations to receive you. This store is going to do its part to make things pleasant for you. We are going to take care of you in the EVERSOLE way, and we want you to know that this store is the ACCOMMODATING STORE. We want you to know that we do not consider it too much trouble to be of service to you, and we want you to make this store your headquarters while here. Arrange to meet your friends here. We are in the center of the attractions, and you will find our location to be the most convenient for you.

This season of the year reminds one of winter needs, and while here you no doubt will combine business with pleasure, and come here prepared to do your winter shopping; as the saying is, to lay in a full winter's supply.

We Are Ready to Supply You With What You May Need in Our Line and at the Right Prices

We wish to say that we have had an elegant business in our Ready-to-Wear Department since the new fall and winter coats and dresses have arrived. Our business increase in September has far surpassed last year and greatly surprised us. This is the best evidence that we could have that our styles are correct, for if we did not have the correct merchandise we could not sell the goods. We do not hesitate to say that there is no buyer that works harder than we do to get the correct styles for their customers, and we feel more than pleased with the many compliments passed on our line. We are already assured that this year will be another big Eversole year.

COATS! COATS! COATS!

In abundance for ladies, misses and children. We know you all will be wanting coats, and our store is the place to buy the correct styles. We have plenty of salespeople to take care of your wants quick in this department. You will want one of the new styles to keep you warm during the cool nights of street fair week and the zero weather of this winter, and we have just the right garments that will do this.

The miss will want a fancy mixture with a large collar or a duplex—one that you can wear either side out and have the right side by just turning the sleeves inside out. We have all of these new features in the Misses' Coats, and at prices that will not seem high to you, either.

We bought the snappiest line of Children's Coats to be had in New York City—plushes, caraculs and fancy mixtures. My! the girl that couldn't find a coat from our stock would be hard to please. It's a pleasure for a child to wear one of our coats—they fit and are made from stylish materials. The styles are snappy, and appeal to the parents as well as the children. The newest styles in Ladies' Coats are very much in evidence here. We show a beautiful line of caraculs, velours and cloth, both in handsome blacks and mixtures, at prices to suit all. You will not have to confine yourself to one or two styles here, for the variety is large. As we said last week we do not confine ourselves to one or two houses in our buying, but searched New York carefully and secured the cream of the best makers. We have been told by many customers that have seen other stocks that we show not only the largest line but the snappiest line of coats to be found in Maryville. We will do a big business street fair week, so come early to get the best selections.

DRESSES

We want to make a strong appeal to you to buy a dress this fall instead of a suit—and buy it ready-made. All merchants have bought big this season on dresses instead of suits. You will be well dressed if you buy one of our beautiful dresses. You get individuality, style, effective trimming and chicness in ready-made dresses that you do not get in home-made garments. A great many women say ready-made dresses are too high. I can buy the goods and have a dress made cheaper. If you will come to us and let us figure the thing out for you you will see that this is just the reverse, and that you can buy a dress from us ready-made just as cheap, and get all the features mentioned above. Come to our department and we will show you that you can buy a dress that fits, and one that you will be well pleased with. We have not only twenty-five or thirty dresses to show you, but over one hundred. A pleasing selection of velvet, corduroy and silk materials in fancy and tailored made. Our line is not confined to one or two colors, but all the new shades that will be good this season are included. We buy our dresses only from high class manufacturers in New York, and assure you the styles you see here are correct.

We also show a nice line of Misses' Dresses. Among the other new goods in this department we mention:

Tailored Waists, in plain and embroidered designs; also a nice line of Fancy Waists.
New Silk Petticoats.
Rain Coats.
Silk Kimonos.
Sweaters (the Bradley line).

CORSETS

The Celebrated
W. B. Line

W. B. Corsets please fastidious women, and are the royal road to beauty of form. The boning is firm yet pliable, absolutely rust proof, so that their shapeliness is retained to the end. They are thoroughly comfortable from the first day you wear them. We have a full line of W. B. Corsets in stock—many new models just arrived this week.

SHOES

For Ladies, Misses and Children

Right shoes at right prices. Ask to see the new gummetal styles we show. They are entirely new—just received them. We have a nebbly line of Dress Shoes, and elegant varieties, for school wear. Our Ladies Gummetal Calf Shoes for women at \$2.00 is the best to be had in town. They are not made clumsy, but neat, and they fit—they look well—this is what you want, and you want your money's worth. We want to say you get this in our shoes.

Welcome to our street fair.

UNDERWEAR

The Athena Line

The knit underwear you buy for fall and winter must make it possible for you to wear the prevailing fashions in outer dress with grace, and at the same time give you the necessary comfort and warmth.

Athena Underwear for women, misses and children, is sized and shaped perfectly. It fits easily, just snugly to the figure without wrinkling under the corset. It is designed to meet all fashion requirements—to give comfort without bulk—daintiness with wearability. Made in shapes and fabrics to suit the personal tastes of every woman. At the price you usually pay. Athena Underwear is especially designed to fit the body of the growing child. It gives comfort and wear. Buy your needs at our store. You will find the best values in town here.

DRESS GOODS and SILKS

This is another strong department in our store. We know that the people want good Dress Goods and Silks, and we take great pride in keeping the quality up. Beautiful line of All-Wool Fabrics at \$1.00 to \$2.00 a yard. Do not overlook this department while in Maryville.

SILKS

Our customers know the quality of our silks, but we want to introduce them to the out-of-town visitors who will be here street fair week. We are going to offer some special prices in this department for fair week, as we know we will get new business in the future, from customers who have never bought silks from us.

NEVER ASKED FOR REPORTS

STEPHENSON POLITICAL MONEY
SPENT LOOSELY.Campaign Workers and Managers Being
Closely Questioned Regarding
Expenses.

Milwaukee, Oct. 4.—When the hearing of the bribery charges against Senator Stephenson was resumed by the senate investigating committee Senator Heyburn, the chairman, endeavored to get specific information as to expenditures admitted by Senator Stephenson. A number of men mentioned by Stephenson as his lieutenants in the campaign were summoned.

It was admitted by Heyburn and the other committeemen that they planned to ask these detailed questions as to the disposal of the money concerning which Senator Stephenson testified he knew about only in "a general way."

Although it is admitted that Stephenson spent \$107,793 in the primaries in 1908, S. A. Edmonds one of the

campaign managers, said none of the campaign workers rendered a detailed report of their expenditures and no such report was asked of them.

"Do you mean to say that, knowing the law, you required no detailed report of the money spent in Mr. Stephenson's behalf?" Senator Penrose asked.

"We never required a report from them."

Items of \$10,000 and \$15,000 which Stephenson admitted having paid his managers on various days will be investigated. As to the expenditures of these sums the Marinette lumberman said all he knew was that it "was not used illegally."

J. H. Puelicher, cashier of a Milwaukee bank, who was custodian of the Stephenson campaign fund, stated that a voucher was always given when the managers drew for money.

Much of the necessity for expending an amount as great as \$107,793 to get the nomination for Mr. Stephenson was declared due to opposition exerted by La Follette's followers, and to organize each of the 2,200 precincts in the state it was necessary to spend the money liberally, they said. But all five of the Stephenson campaign managers—E. A. Edmonds of Appleton, J. H. Puelicher of Milwaukee, VanCleave, Marinette, and Sackett—testified that the funds were legitimately used.

WIFE SPOKE FUNERAL ORATION

Indianapolis Woman Conducts Husband's Burial Service at His Request.

Indianapolis, Oct. 4.—Standing by the coffin that contained the body of her husband, Mrs. Charles A. Buhland delivered an impressive funeral oration in which she recounted the story of the married life of herself and husband and his request that she should be the only speaker over his remains.

Buhland did not desire any crape at the door and he insisted that no black should be worn in mourning for him. He asked his wife to dress in white. He desired that in the place of somber decorations there should be flowers and other symbols of joy at the funeral.

At the conclusion of the eulogy Mrs. Buhland sang a hymn and the services ended. Not a tear was shed.

Maine Wreck Will Float.

Havana, Oct. 4.—An examination of the after section of the battleship Maine, comprising about one-third of the ship, has removed all doubt from the minds of the engineers of the feasibility of building a bulkhead in it and floating it out of the cofferdam. Consequently the fitting of the bulkhead will be commenced as soon as the material is received.

Frank Gould's Revolt Lost.

St. Louis, Oct. 4.—The voting for directors of the St. Louis Southwestern railway developed that Frank J. Gould was able to muster only 3 per cent of the ballots cast. When the balloting was finished the old directorate had been re-elected and the belligerent member of the Gould family had been out-voted and defeated.

SAGE TEA WILL
DARKEN THE HAIR

Restore Faded and Gray Hair to
Natural Color—Dandruff Quick-
ly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gath-

ering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't neglect your hair. Get a bottle of Wyeth's Sage and Sulphur today, and notice the difference after a few days' use.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special agents, Koch Pharmacy.

Postal Clerk Stole Money.
Springfield, Mo., Oct. 4.—John W. Deaton, 20 years a trusted employee at the Springfield postoffice, pleaded guilty to the embezzlement of postoffice funds and was sentenced to four months' imprisonment in the Greene county jail. His peculations covered a period of seven years. He made good a shortage of \$1,900 after his arrest.

BANKS HELPED SETTLE DISPUTE

Large Sums Withdrawn From German Banks Brought Settlement With France.

Paris, Oct. 4.—Rumors of the last few days were confirmed when it became known that two Paris banks have advanced \$60,000,000 to the Bank of Berlin to tide over the bourse pay day at the end of the month. The banks that advanced the money are the Societe Generale and the Credit Lyonnais.

The withdrawal of large sums from Germany by the French banks and by the banks of such friendly powers as England and Russia was at the suggestion of Cambon, the ablest ambassador in the diplomatic service.

At a dinner of reconciliation given by Baron von Kiderlen Waechter at Berlin to Cambon, the French diplomat consented to suggest to the French banks to make an emergency loan in consideration for easier terms in the Morocco question.
